Installation:
Fixart Tube | Fixart Metal AE | Fixart Cloud

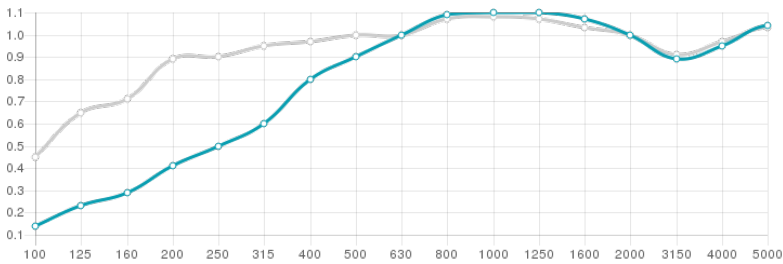

Description

Azores printable bring the freedom of creation of the azores range to a whole new level of endless customisation. Create an unique acoustic panel and put your personal touch into your room design. From family photos to patterns, artwork and logo's, azores printable is the most versatile acoustic panel in the world - that allows you to create your own shapes with your own finishes.

The printing is carried out directly onto the fabric using water based pigments. The fabric undergoes a special heat conditioning process to ensue long-lasting vibrance and UV protection. No additional chemicals are used in the preparation or printing of the fabrics - A truly eco-friendly method.
